

WHAT CAN WE DO FOR YOU?

Ascent Training Solutions' mission is to be an effective, efficient and sustainable company that produces high quality training, high quality graduates and demonstrates current industry knowledge that individuals, businesses and community's need to succeed.

With a vision to provide flexible education solutions, we place a greater emphasis on valuable outcomes for both students and employers.

Ascent Training Solutions focus on the requirements of the client. In most cases upskilling or obtaining an accredited qualification is the necessity, however there are many instances where they require other services.

Our Services:

- Accredited training, assessment skills sets or units of competency
- Non-accredited training and assessment
- Training needs analysis
- Internal Verification of Competency contextualised to the client's policies and procedures
- Assisting the Administration staff who work with Apprenticeships, traineeships and schedule training for their staff
- Ascent Training Solutions has the capability to deliver High Risk training to students working within the Industry, with the advantage of on-site delivery or in house delivery at the training centre, located in Brendale.

CSQ and Government subsidies available for selected courses. For further information on eligibility and subsidies, please go to our website.

Construction Skills Queensland (CSQ) is an independent industry funded body supporting employers, workers, apprentices and career seekers in the building and construction industry
